

**School of Engineering · Department of Civil and Environmental Engineering  
Clinical Assistant Professor in Structural Engineering**

The Department of Civil and Environmental Engineering at The Catholic University of America seeks applicants to fill a Clinical Assistant Professor position in structural engineering to begin in August 2023.

We seek candidates who understand, are enthusiastic about, and will make a significant contribution to [the mission of the University](#), which reads as follows: *“As the national university of the Catholic Church in the United States, founded and sponsored by the bishops of the country with the approval of the Holy See, The Catholic University of America is committed to being a comprehensive Catholic and American institution of higher learning, faithful to the teachings of Jesus Christ as handed on by the Church. Dedicated to advancing the dialogue between faith and reason, The Catholic University of America seeks to discover and impart the truth through excellence in teaching and research, all in service to the Church, the nation and the world.”*

Applicants must have earned doctorate (or all but dissertation) and undergraduate degrees in civil engineering with a focus on structural/geotechnical or earthquake engineering by the time of appointment. The candidates should be able to teach core courses related to structural engineering such as structural analysis, steel and reinforced concrete design as well as basic engineering mechanics courses including statics, mechanics of solids, and dynamics. Duties include teaching undergraduate and graduate courses and service to the University. Applicants should either possess professional engineer registration or have the ability to obtain professional licensure. Information about the Department of Civil and Environmental Engineering may be found at <https://engineering.catholic.edu/civil/>.

Complete applications will include:

- a cover letter that explains the applicant's interest in the position,
- a CV,
- a clear statement of teaching interests,
- 3-5 references with full names and contact information, and
- a one- to two-page personal statement indicating how the applicant’s research, teaching, and service will make a distinctive contribution to our [University’s mission](#) and to the vision of Catholic education outlined in the Apostolic Constitution on Catholic Universities [Ex Corde Ecclesiae](#).

These materials should be uploaded to: <https://engineering.catholic.edu/about-us/opportunities/index.html>

Review of applicants will begin immediately and will continue until the position is filled. For any questions, please contact Dr. Jason Davison at [davisonj@cua.edu](mailto:davisonj@cua.edu).
