

**Tenure-Track Assistant Professor in Structural Engineering
Department of Civil and Environmental Engineering, School of Engineering**

The Department of Civil and Environmental Engineering at The Catholic University of America seeks to fill a tenure-track position in structural/geotechnical/earthquake engineering, to begin in August 2022.

We seek candidates who understand, are enthusiastic about, and will make a significant contribution to [the mission of the University](#), which reads as follows: “As the national university of the Catholic Church in the United States, founded and sponsored by the bishops of the country with the approval of the Holy See, The Catholic University of America is committed to being a comprehensive Catholic and American institution of higher learning, faithful to the teachings of Jesus Christ as handed on by the Church. Dedicated to advancing the dialogue between faith and reason, The Catholic University of America seeks to discover and impart the truth through excellence in teaching and research, all in service to the Church, the nation and the world.”

Applicants must have earned doctorate (or all but dissertation) and undergraduate degrees in civil engineering or a related engineering or science field with a focus on structural/geotechnical or earthquake engineering by the time of appointment. Duties include teaching undergraduate and graduate courses, developing a sustainable, externally funded research program, and servicing to the university, the profession and the community. Applicants should either possess professional engineer registration or have the ability to obtain professional licensure. Information about the Department of Civil and Environmental Engineering may be found at <https://engineering.catholic.edu/civil/>.

Review of applicants will begin on December 1, 2021, and continue until the position is filled. Complete applications will include a cover letter, CV, research and teaching statements, and 3-5 references with their full names and contact information. In addition, please include a one- to two-page personal statement indicating how your research, teaching, and service will make a distinctive contribution to our [University’s mission](#) and to the vision of Catholic education outlined in the Apostolic Constitution on Catholic Universities’ *Ex Corde Ecclesiae*.

Please find the application link on this page: <https://engineering.catholic.edu/about-us/opportunities/index.html>

The review of applicants will start immediately and will continue until the position is filled. For any questions, please contact Dr. Arash Massoudieh at massoudieh@cua.edu.

The Catholic University of America is an Equal Opportunity Employer.
