

**Department of Chemistry • School of Arts and Sciences
Clinical (Teaching) Assistant Professor in Chemistry**

The Department of Chemistry at the Catholic University of America in Washington, DC, seeks to fill a full-time Clinical (Teaching) Assistant Professor position to begin no later than August 2025. We are interested in exceptional candidates in all areas of chemistry but hope to strengthen our program in the areas of organic, environmental, and analytical chemistry.

We seek candidates who understand, are enthusiastic about, and will make a significant contribution to the [mission of the University](#), which reads as follows: "As the national university of the Catholic Church in the United States, founded and sponsored by the bishops of the country with the approval of the Holy See, The Catholic University of America is committed to being a comprehensive Catholic and American institution of higher learning, faithful to the teachings of Jesus Christ as handed on by the Church. Dedicated to advancing the dialogue between faith and reason, The Catholic University of America seeks to discover and impart the truth through excellence in teaching and research, all in service to the Church, the nation, and the world."

Applications must be submitted using this [form](#) and should include the following:

- A cover letter,
- a *curriculum vitae*, and,
- a teaching statement including evidence of success as an instructor, and how the candidate will contribute to the teaching mission of the department.

Submissions will remain open until positions have been filled, but priority will be given to applications submitted before October 30, 2024. Questions about this position may be sent to Greg Miller, Associate Professor and Chair of Chemistry (millergj@cua.edu).

The Catholic University of America is an Equal Opportunity Employer.
