DEAN SEARCH

- The search for a new Dean of the Conway School of Nursing has come to a very successful conclusion with Dr. Marie Nolan from Johns Hopkins being chosen
- Thank you to all who participated in this important search and supported the school during this time!

DC COVID GUIDELINES

- Mayor's Order 2022-029 dated February 14, 2022 establishes:
 - Termination of vaccination for entry at private facilities as of 11:59 pm on February 14, 2022
 - o Lifting of the indoor mask mandate as of 11:59 pm on February 28, 2022
 - While we do not believe this requirement should apply to higher education institutions, the District is interpreting "schools" to include higher education institutions. Therefore, our policy on wearing masks indoors remains in effect for the moment.
 - Separately the District has required masks in dormitories, and that restriction remains in place.
 - The District is using the community transmission rate to regulate this requirement. When it is "low," or less than 5 daily cases per 100,000, it would likely be relaxed. On Feb 15th, we were at 18 daily cases per 100,000 and falling rapidly.
- See https://coronavirus.dc.gov/key-metrics

LIBRARIES

- Monsters, Mythology, Mayhem: The Graphic Novels of Gareth Hinds is on view in the May Gallery of Mullen Library until May 20th. Gareth Hinds, DC-based artist, is the creator of critically-acclaimed graphic novels based on literary classics, including Beowulf, King Lear, The Merchant of Venice, The Odyssey, Romeo and Juliet, and Macbeth, which have been translated into multiple languages and used in classrooms around the world. This exhibit highlights his award winning work, explains his artistic process, and demonstrates his support for educators who are helping students discover literary masterpieces.
- The Harlem Renaissance: Revolution and Revival is on view in the Main Reading Room of Mullen Library through May. This exhibit features select luminaries of the Harlem Renaissance and their works. The impact of the Harlem Renaissance spans the fine arts, literature, performance, and more. This revival began in Harlem, New York, yet continues to reach far beyond its geographical beginnings. The exhibit features luminaries with connections to Washington D.C. and library resources for you to explore.
- New archival collections include the papers of CU faculty Lucy M. Cohen, James Youniss, Sr. Vincentia Joseph and Sr. Ann Patrick Conrad. We have also received the first deposit of materials for our new collection of CU Drama alum and first Black Catholic priest of the Archdiocese of Cincinnati, Clarence Rivers.
- Our <u>Special Collections</u> have been hosting a record number of classes in both the
 Archives and Rare Books reading rooms working with Art, Anthropology, Canon Law,
 History, and Theology & Religious Studies. Please reach out if you are interested in
 sharing our unique primary resources with your students.
- As a reminder a <u>preliminary list of subscriptions and other packages restored</u> and newly bought using library fees thus far is now available. This list will continue to grow in the coming months. Most items selected were requested by faculty or otherwise meet known research and instruction needs. This list does not include individual book purchases which have increased with support of the fee.
